

DREAM BUNNY

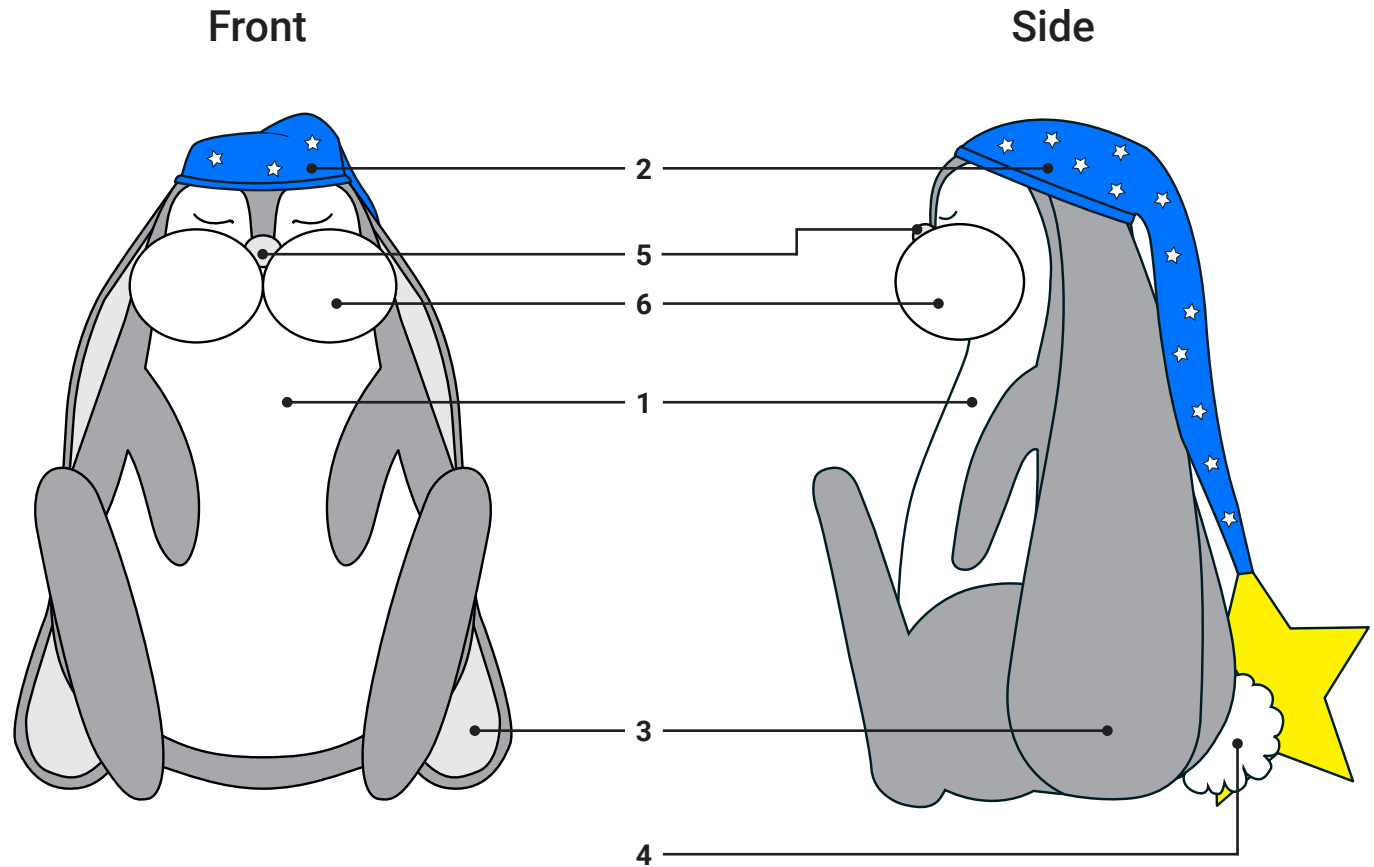

Dream Bunny with his best friend, a little star named Twink both reside in the Place of Dreams, a magical place hidden between sleep and our dreams. This charmed kingdom is made up of hopes, dreams and wishes of all the children in the world. At least it was, until children stopped using their own creative imagination causing it to slowly disappear. They must find a way to save it!

Fortunately, Twink knows what to do, but it isn't long before the two friends discover that being in the real world is a bit more complicated than they had anticipated!
